Case Study:

We recently installed nice new custom handles on the front doors of IDN-Armstrong's, Atlanta. Upon doing so it became apparent that one of our doors has a sagging issue!

Class:

What better way to learn how to do something than to see it done in a real life situation?

Learn first hand by attending our LIVE INSTALL of an ABH Continuous Hinge!

This will be a great opportunity to see first hand how to install a continuous hinge and a prime opportunity to ask any questions you might have about the product and process!
